

**Attestation Acknowledging Requirement for Human Subjects Review
for the Use of Human Subjects in Research (IRB)**

Student _____

Faculty Advisor/Committee Chair _____

Department _____

Title of Study _____

This document serves as notice of the Principal Investigator's acknowledgment that the above referenced study involves research with human subjects and requires IRB review prior to the involvement of any human subjects. The investigator understands that no portion of the research that involves human subjects according to *45 CFR 46* may be conducted until the proposal has received approval from the Institutional Review Board.

Student and Principal Investigator's Attestation

"I will submit the appropriate IRB form for review. I am aware that I must receive IRB approval before I approach, recruit or enroll any human subjects into this study."
